Hazardous Weather

Hazardous Weather

Isolated to scattered thunderstorms are possible today. Some of these storms could produce strong damaging wind, locally heavy rain, and frequent lightning.

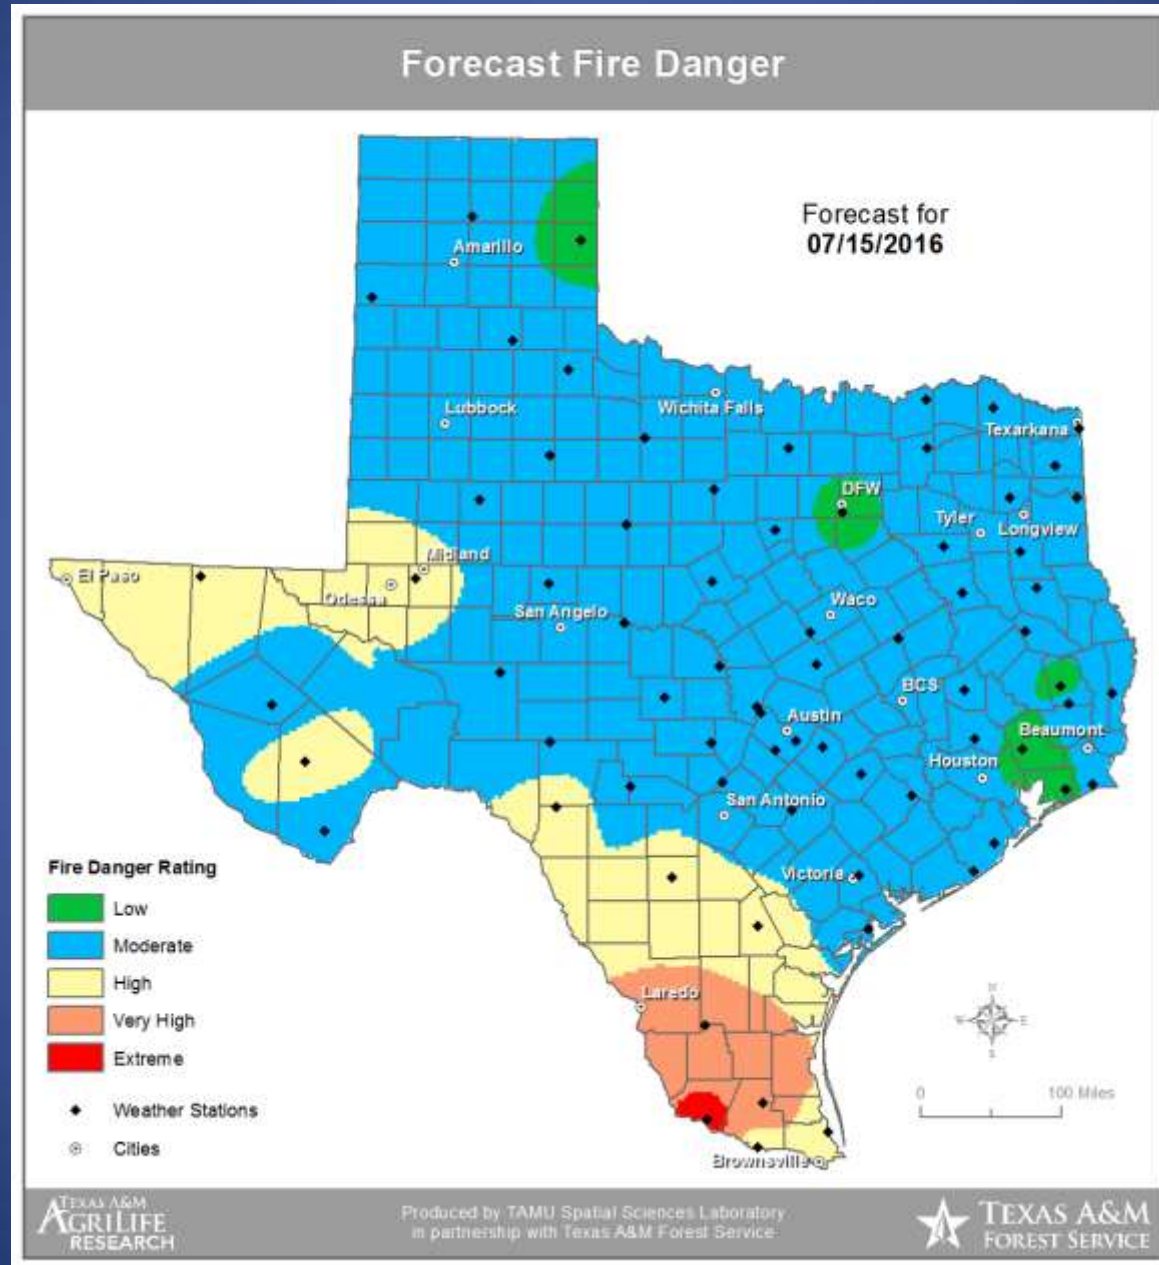

Scattered showers and thunderstorms will continue to move east and southeast around 25 mph north of a Decatur-Sulphur Springs line through 8 a.m. A few strong to brief severe storms are possible during this time with frequent lightning strikes, heavy downpours, and wind gusts between 40-50 mph, or up to 60 mph with any severe storms. Small hail will be possible with any isolated severe storms.
